Press release

Sandvik Capital Markets Day 2026

Stockholm, November 24, 2026
Sandvik AB

Sandvik is today and tomorrow hosting a Capital Markets Day for institutional investors, analysts and financial media at business area Mining's site in Tampere, Finland. Presentations will be held by Stefan Widing, President and CEO, Cecilia Felton, CFO, and business area management, who will provide an update on Sandvik's equity story, including key achievements and strategic priorities. Sandvik will also take the opportunity to showcase its latest innovations through guided tours, with a focus on new technologies, digitalization, and automation.

"We have had a strong start to the Advancing to 2030 strategy period, and we look forward to give an update on our financial, operational and strategic progress," says Stefan Widing, President and CEO of Sandvik.

The main focus areas that will be covered:

- Strong start to the Advancing to 2030 strategy
- Progress update on key strategic growth areas
- Focus on competitive advantage through leading positions in digital, automation, software and new technologies
- Resilience and profitability

During the presentations, Sandvik will reconfirm the long-term financial targets for the Group, as well as the 2025-2030 revenue growth and adjusted EBITA margin targets for all business areas.

Machining's 2025-2030 targets remain unchanged, with the revenue growth target of 3% and the adjusted EBITA margin target interval of 22-24%. Sandvik will however provide further detail on the impact of the current tungsten market dynamics on Machining's financial performance, in a scenario where the tungsten price remains at the September 30th price levels. In such a scenario, the estimated impact is:

- Additional growth (CAGR) of 10 percentage points
- An additional 2 percentage points on adjusted EBITA margin

The scenario takes into consideration financial progress so far and that tungsten prices remain at stable levels.

For further information, contact Louise Tjeder, VP Investor relations, phone: +46 (0) 70782 6374 or Johannes Hellström, Press and Media Relations Manager, phone: +46 (0) 70721 1008
