Clarification regarding the publication date of the year-end report 2025

OSLO, NORWAY – February 26, 2026: Genetic Analysis AS (“GA” or “the Company”) announces that the year-end report for 2025 will be published on Friday, 27 February 2026.

The Company’s financial calendar for 2025 was included in the interim report for the first quarter of 2025, in which it was stated that the year-end report for 2025 would be published on 27 February 2026. This date has also been published on the Company’s website and on Spotlight Stock Market’s company page.

However an incorrect publication date (25 February 2026) was stated in the interim report for the third quarter of 2025. The Company wishes to clarify that no formal decision to change the reporting date has been made. The correct publication date for the year-end report 2025 is 27 February 2026, in accordance with the financial calendar included in the interim report for the first quarter 2025.

About Genetic Analysis:

Genetic Analysis AS (GA) is a science-based diagnostic company and pioneer in the human microbiome field with more than 15 years of expertise in research and product development. The unique GA-map® platform is based on a pre-determined multiplex targets approach specialized for simultaneous analysis of a large number of bacteria in one reaction. The test results are generated by utilizing the clinically validated cutting edge GA-map® software algorithm. This enables immediate results without the need for further bioinformatics work. GA’s vision is to become the leading company for standardized gut microbiota testing worldwide, and GA is committed to help unlocking and restoring the human microbiome through its state-of-the-art technology. GA employs a team of highly qualified employees with scientific backgrounds and competence in bioinformatics, molecular biology, and bioengineering.
