

Bawat Confirms Final Approval of Loan Facility Prolongation

Hørsholm, Denmark, 7th May 20226 – Bawat Water Technologies AB is pleased to announce that the previously communicated agreement concerning the partial prolongation of its combined loan facilities, first disclosed alongside the company's February 2026 financial report, has now received final approval.

Under the approved agreement, repayment of the facilities will commence in Q4 2027. In addition, the overall duration of the loan facilities has been extended, with final maturities ranging between 2030 and 2032.

The agreement strengthens Bawat's long-term financial foundation and supports the company's continued commercial development and strategic growth initiatives within ballast water management solutions.

Bawat continues to experience growing market interest in its ballast water treatment solutions across shipowners, ports and shipyards globally.

About Bawat

The development of an entirely new approach to ballast water treatment utilizing onboard waste heat to treat ballast water led to the founding of Bawat in 2011. A ballast water treatment system avoids disposal of untreated water in seas and harbors.

Bawat's BWMS is a system that is simple, cost-effective, and sustainable, build on a zero environmental impact, using standard marine components. No filters, no chemicals no UV. And is the first to market a USCG/IMO Type Approval BWMS that uses pasteurization to treat ballast water in a one-pass process. Bawat has built upon its innovative breakthrough, and now offers ballast water solutions to the maritime industry in three categories:

- A vessel BWMS for Retrofit and New Builds
- Mobile containerized solution for multiple vessel usage in a port, on a ship or for rigs
- Bawat BaaS - Ballast as a Service for contingency services in ports and yards

Bawat is an engineer-driven company that is rooted in the tradition of Danish maritime innovation and with a deep maritime insight: bawat.com. Bawat is listed on Nasdaq First North Growth Market.
