

# NOMOS GLASHÜTTE

Starlight and night sky are the names of the new watches in the Club Campus series from NOMOS Glashütte. They are both available in two sizes: 36 and 38.5 millimeters in diameter.

## A token of enduring affection

Club Campus is the entry-level watch model from NOMOS Glashütte—and in these new versions, starlight and night sky, an ideal gift to celebrate life's milestones.

In the digital age, many things are fleeting. Screens often command our attention to the point that we sometimes lose sight of what is truly important. But life's milestones help to remind us of what we should be focusing on: the people closest to us.

A graduation, wedding, or significant career achievement are the best occasions to show our appreciation with a valuable and beautiful gift. A mechanical watch represents constancy, and at NOMOS Glashütte, they are made to last a lifetime.

Club Campus is a hand-wound watch made for everyday wear—with a stainless steel back that offers plenty of space for a lasting message, whether it is a heartfelt congratulations or a declaration of love. The personalized engraving is a complimentary service from NOMOS Glashütte.

# NOMOS GLASHÜTTE

This year's Club Campus models starlight and night sky in bright yellow and deep blue are refreshingly beautiful. These sporty, robust watches come in two sizes: 36 and 38.5 millimeters.

From left to right: Club Campus night sky and starlight in 38.5- and 36-millimeter diameters from NOMOS Glashütte. Thanks to their individuality and quality, these mechanical watches are popular gifts.

Details only noticeable at second glance: fine contours, colorful minute markers, Arabic and Roman numerals—and a seconds hand in neon orange. This watch is Club Campus starlight from NOMOS Glashütte.

A special touch from NOMOS Glashütte: A personalized engraving on the case back is available directly from the brand, making these watches the ideal gift for special occasions such as graduations, milestone birthdays, and weddings.
