

# Alleima appoints Maria Reinholdsson as EVP and Head of Human Resources

Alleima has appointed Maria Reinholdsson as Executive Vice President and Head of Human Resources, effective no later than March 2, 2026. Maria Reinholdsson will be a member of the Alleima Group Executive Management team. She is currently Head of Human Resources and Sustainability at Stockholm Exergi and previously held the position of Head of Human Resources and Communications at LKAB.

“I am pleased to welcome Maria to Alleima and the Group Executive Management team. With many years of experience in Human Resources and leadership at different levels and in different industries, she has successfully developed HR functions that have contributed to business results. We are confident that her experience will elevate our people and culture initiatives to new heights and continue to accelerate the growth journey we are on,” says Göran Björkman, CEO at Alleima.

Born in 1968, Maria has a longstanding career within Human Resources at several globally operating corporations. Maria will be based in Stockholm.

As previously announced, Ulrika Dunker, currently EVP and Head of Human Resources at Alleima, has decided to leave her position, after six years in the role.

## About Alleima

Alleima, is a global manufacturer of high value-added products in advanced stainless steels and special alloys as well as solutions for industrial heating. Based on long-term customer partnerships and leading materials technology, we develop products for the most demanding applications and industries. Our offering includes products like seamless steel tubes for the energy, chemical and aerospace industries, precision strip steel for white goods compressors, air conditioners and knife applications, based on more than 900 active alloy recipes. It also includes ultra-fine wires for medical and micro-electronic devices, industrial electric heating technology and coated strip steel for fuel cell technology for cars, trucks, and hydrogen production. Our fully integrated value chain, from R&D to end-product, ensures industry-leading technology, quality, sustainability, and

circularity. Alleima, with headquarter in Sandviken, Sweden, had approximately 6,500 employees and revenues of about 20 billion SEK in about 80 countries in 2024. The Alleima share was listed on Nasdaq Stockholm's Large Cap list on August 31, 2022 under the ticker 'ALLEI'. Learn more at [www.alleima.com/](http://www.alleima.com/)
