

Nordec Group Oy press release 22.4.2025 09.20 UTC+3

Nordec awarded contract for Jykia' s Lastaustie 7 project in Jyväskylä

Nordec Group Oy is pleased to share that Peab Oy has awarded the contract for the Lastaustie 7 project in Jyväskylä. This project involves the design and construction of steel structures and load-bearing sheets for a production building.

Investor Spotlight

Jykia Oy, a respected property investor is known for its successful completion and long-term sustainability in various projects. With a strong presence in the Jyväskylä region, Jykia Oy is committed to enhancing the local economy through strategic investments.

Client Collaboration

Nordec is proud to partner with Peab Oy, a renowned construction company with expertise in large-scale industrial projects. This collaboration aims to deliver exceptional results.

Project Scope

Design and Build: Steel frame and load-bearing sheet construction.

Milestone Achievement: Installations are about to start, with planned installation time from weeks 15 to 26 in 2025, marking noteworthy progress in the project's timeline.

Nordec is excited to embark on this journey, contributing to the advancement of Jyväskylä's industrial landscape. We look forward to sharing more updates as we move forward with this transformative project.

About Nordec

Nordec Group Oy is a leading supplier of steel frame structures and façade solutions for construction projects across the Nordic countries, with a strong presence in Central and Eastern Europe (CEE), including Poland, Lithuania, and the Czech Republic.

With decades of industry experience, Nordec specializes in the design, manufacture, and installation of frame structures for buildings and bridges. Steel is the primary material used, and the company's operations encompass a wide range of projects, from single-storey and multi-storey buildings to heavy industrial facilities and bridge structures. Nordec has its own production facilities in Peräseinäjoki and Ylivieska in Finland, Oborniki in Poland, and Gargzdai in Lithuania.

In 2024, Nordec reported revenue of EUR 287.3 million and EBITDA of EUR 21.9 million.
