

Nordic Capital strengthens leadership team with the promotion of four new Partners

Following a successful 2024, Nordic Capital is pleased to announce four Partner promotions at Nordic Capital Advisors, reflecting the depth and breadth of its leadership team. These individuals have been recognised for their contributions to Nordic Capital's positive momentum and its well-established record for building strong sustainable companies with the potential to shape their industries.

The promotions follow an exciting twelve months at Nordic Capital, having further expanded its portfolio with eleven platform acquisitions and announced four successful exits. Nordic Capital also successfully closed its second mid-market fund Evolution II at the hard cap of EUR 2 billion in only four months, underlining investor confidence in its well-established sub-sector specialist investment strategy and active ownership model. Furthermore, Nordic Capital also enhanced its climate agenda with the firm's emissions reduction targets being approved by the Science Based Target initiative.

Nordic Capital combines sub-sector and function-focused expertise to support value creation, and its operational and functional experts work closely with the investment advisory teams. Building on this, the new Partners are drawn from the Operations Advisory and Specialist Functions Advisory teams.

These four new partner promotions are:

Martin Jacobsson, Operating Partner: Martin is a key member of the dedicated operational advisory team with 20+ professionals and combines deep industrial experience with functional expertise. He joined Nordic Capital Advisors in 2016 and has successfully driven commercial, marketing and operational excellence within Nordic Capital's Financial Services portfolio.

He joined in 2018 and has since then built a well-integrated and high-calibre legal and tax function, and has also been driving the transformation of Fund Operations as well as established Nordic Capital's Family Office.

Elin Ljung, Operating Partner, Head of Sustainability and Communications: Since joining in 2017, Elin has driven initiatives within the organisation and the portfolio, developing a first-class platform to support Nordic Capital in building sustainable businesses and strengthen its brand momentum.

Our team combines a blend of investment, sector and function-focused experience to deliver high intensity, hands-on value creation and operational improvement to Nordic Capital’s portfolio companies. It is this diverse skill base that enables the development of companies that are operationally, competitively and financially stronger. These promotions well reflect the broad range of our expertise. I would like to thank each of these individuals for their significant and valuable contributions to Nordic Capital’s success, strategy, culture and values, and congratulate them on their well-deserved promotions.”
