

CORRECTION: Notice to extraordinary general meeting in Railway Metrics and Dynamics Sweden AB (publ)

Correction:

The notice to an extraordinary general meeting that Railway Metrics and Dynamics Sweden AB (publ) published today, August 15, 2025 at 08.42, contained partially incorrect information regarding the subscription price in the set-off issue (item 7). It was incorrectly stated that the subscription price, at the time of raising the initial loans, corresponded to a premium of 56 percent compared to the closing price of the share on NGM Nordic SME on June 12, 2025, when instead it was the subscription price in the issue of warrants (item 6) that corresponded to such premium. The text has now been moved to the correct proposal for resolution. The notice is otherwise unchanged. The corrected notice in its entirety follows below.

The warrants are issued free of charge.

Deviation from preferential right

The right to subscribe for warrants shall, with deviation from the shareholders' preferential right, accrue the below parties who are a limited number of external qualified investors engaged in advance as well as certain strategically important existing shareholders in the Company. The reason for the deviation from the shareholders' preferential right is that the Company shall fulfill its obligations under the loan agreements entered into, and to get a greater spread of ownership in the Company and bring on a limited number of strategic and well-capitalized investors, thereby creating conditions for better liquidity in the trading of the share as well as adding capital to the Company and finance its operations. Other considerations in connection with the deviation from the preferential rights are set out in the Board of Directors' proposal for a resolution on their terms of the issue.

Majority requirements etc.

The subscribers consist of both non-related persons and such persons who are deemed to fall within the so-called related parties according to the Leo rules in Chapter 16 of the Swedish

Companies Act (2005:551) and thus the resolution requires the support of shareholders with at least nine tenths (9/10) of both the votes cast and the shares represented at the meeting.

Other

Resolution regarding directed new issue of shares with payment by set-off (item 7)

The Board of Directors proposes that the General Meeting resolves to issue 20,872,604 shares, resulting in a total increase in share capital of a maximum of SEK 834,904.186942. The new issue of shares will be carried out with a deviation from shareholders' preferential rights in accordance with the conditions set out below.

Subscription to a share premium

The subscription price for each share shall be SEK 0.50. The difference between the quota value and the subscription price (the residual amount) shall be paid to the unrestricted share premium reserve. The subscription price is determined based on an agreement with the Lenders (as defined below) in connection with the raising of the Loans (as defined below).

Deviation from preferential rights

The right to subscribe for shares shall, with deviation from the shareholders' preferential rights, be granted to a number of existing shareholders, related parties to the Company, as well as a limited number of external investors (the "**Lenders**") announced in advance. The reason for the deviation from the shareholders' preferential rights is that the shares constitute set-off against previously granted bridge loans (the "**Loans**") to the Company. The Loans have secured the Company's continued delivery capacity and expansion. In connection with this new share issue, the Loans are set off and converted into shares in the Company. The Board of Directors therefore assesses that the claims listed below can be set off and that set-off of the claims is to the benefit of both the Company and the shareholders.

Lender	Claim available for set-off (SEK)	Number of shares
Henrik Bjerklin	1 329 395	2 658 790
Ann-Charlotte Lindqvist	496 223	992 446

Subscription and subscription period

Subscription for the new shares shall be made on a separate subscription list from the date of the Extraordinary General Meeting and two (2) weeks thereafter. The Board of Directors shall be authorized to extend the subscription period.

Payment

Payment for the issued shares shall be made through set-off of parts claim to the Company. The set-off shall be made at the time of subscription for the shares. The Board of Directors is of the opinion that set-off can be effected without prejudice to the Company or its creditors.

The Lenders consist of both non-related persons and such persons who are deemed to fall within the so-called related parties according to the Leo rules in Chapter 16 of the Swedish Companies Act (2005:551) and thus the resolution requires the support of shareholders with at least nine tenths (9/10) of both the votes cast and the shares represented at the meeting.
