

Press release from Scandinavian Astor Group AB (publ)  
Stockholm August 4, 2025

## **Astor Group's associated company Nordic Shield Group receives an order worth approximately SEK 35 million**

Scandinavian Astor Group's ("Astor Group" or the "Company") associated company, Nordic Shield Group AB ("NSG"), has, through its wholly owned subsidiary NEZ AB ("NEZ"), received an order worth approximately SEK 35 million. The order is for a technical facility for an entity in the Western world active in the defence sector. The project will be recognised as revenue during the third quarter of 2025, with final delivery scheduled for the first half of 2026.

The assignment strengthens NEZ's position as a growing player in the construction of technical and security-classified facilities for critical infrastructure. The project will be carried out with high demands on security, robustness, and operational reliability in close dialogue with the customer.

NSG is an associated company within Astor Group's business area Astor Protect, and the transaction is also expected to contribute positively to Astor Group's earnings through its ownership stake in NSG.

"The need for protected technical facilities are increasing in line with the demand to modernise and safeguard society's critical functions against external threats. Through our ownership in Nordic Shield Group, we gain exposure to a growing market with high strategic relevance", says Mattias Hjorth, CEO of Astor Group.

Due to the nature of the industry and circumstances concerning customers and national security interests, no further information about these orders or customers will be disclosed.

### **About Nordic Shield Group**

Nordic Shield Group, including the operations of Cesium, NEZ, and NSG's proprietary solutions, offers specially high-level protective and secure structures, such as shelters, data centres, and containers. The systems are developed to meet modern threats such as intrusion, sabotage, and electromagnetic pulse (EMP), with a focus on mobility and rapid deployment. In 2025, NSG plans to launch several new solutions for the protection and security market. NSG is an associated company of Scandinavian Astor Group, which owns 30 per cent of the business.
