About Aquaporin A/S

Aquaporin is an innovative water technology company dedicated to natural water treatment with operations in Denmark (HQ), Singapore, and the United States. Aquaporin works to preserve the Earth’s most valuable resource – water – by combining advanced bioengineering, open innovation, and natural aquaporins – nature’s own water purifiers – which they embed into water purification membranes. Their proprietary technology, Aquaporin Inside®, is based on Nobel Prize-winning research and used to clean and reuse water in industries, in our homes, and even by NASA in space. Aquaporin works with customers and partners around the globe to sustainably treat industrial wastewater, concentrate food & beverage products, and enhance drinking water quality and accessibility.

Forward-looking statements

Matters discussed in this announcement may constitute forward-looking statements. Forward-looking statements are statements that are not historical facts and that can be identified by words such as “believe”, “expect”, “anticipate”, “intend”, “estimate”, “will”, “may”, “continue”, “should”, and similar expressions, as well as other statements regarding future events or prospects. Specifically, this announcement includes information with respect to projections, estimates, and targets that also constitute forward-looking statements. The forward-looking statements in this announcement are based upon various assumptions, many of which are based, in turn, upon further assumptions. Although the Company believes that these assumptions were reasonable when made, these assumptions are inherently subject to significant known and unknown risks, uncertainties, contingencies, and other important factors

which are difficult or impossible to predict and are beyond its control. Such risks, uncertainties, and other important factors include, among others: Limited experience in commercialization of the Company's products, failure to successfully implement strategies, dependence on third parties for manufacturing certain product components and the supply of certain raw materials, manufacturing disruptions, strategic collaboration, protection of the Company's intellectual property rights and other risks disclosed in Aquaporin's annual reports and company announcements. Such risks, uncertainties, contingencies, and other important factors could cause actual events to differ materially from the expectations, projections, estimates, and targets expressed or implied in this announcement by such forward-looking statements. The information, opinions, and forward-looking statements contained in this announcement speak only as at its date and are subject to change without notice. Aquaporin expressly disclaims any obligation to update or revise any forward-looking statements, except as required by law.
