This is Rabbalshede Kraft

Rabbalshede Kraft AB (publ) plans and establishes proprietary land-based wind farms, in collaboration with other players or for divestment whereby the Company is able to offer operating services. Rabbalshede Kraft was formed in 2005 and currently manages 134 wind turbines of which 71 turbines, in the eight wind farms, are in-house. The electricity produced from the Company's wind farms in operation is sold in the open electricity market, Nord Pool. An extensive project portfolio comprises the basis for growth. The Company has about 250 turbines under procurement, application and planning phases. Follow the Company's progress at www.rabbalshedekraft.se
