

## PRESS RELEASE

Rabbalshede, November 30, 2018

### Rabbalshede Kraft acquires Raftsjöhöjden wind farm

Rabbalshede Kraft has, in accordance with the new strategy, acquired Raftsjöhöjden wind farm located in the municipality of Strömsund. The turbines are of model Siemens SWT 101 and was commissioned 2012.

#### Attractive investment

*"We consider acquisitions of low-risk assets like this as attractive investments. We will continue to look for similar opportunities as they contribute well to our portfolio and to our business."*

Martin Pettersen, Head of Business Development

#### Increased presence in northern Sweden

*"Rabbalshede Kraft will be responsible for the management of Raftsjöhöjden and we see opportunities to grow our service business in the local area. With this acquisition and the operations following, we increase our presence in the northern parts of Sweden."*

Lars Jacobsson, Operational Manager
