

## Press briefing

Learn from the pros: BILSTEIN online seminar

### **Rolling knowledge: the BILSTEIN Academy launches its 2025 training programme**

Essen, 27 February 2025 – The automotive industry is constantly evolving, just like the challenges facing independent workshops. To help them overcome these challenges, the BILSTEIN Academy is offering a multifaceted training programme for workshop employees in 2025. With practical, virtual training, BILSTEIN is strengthening the expertise of workshops and enabling participants not only to understand complex suspension systems, but also to use them in the most economically optimal way. “Working on the suspension requires not only precision but also a deep understanding of the complex interactions of the systems”, explains Rainer Popiol, head of the BILSTEIN Academy. “Our goal is to share knowledge that helps workshops avoid installation errors, make diagnostics more precise, and generate additional business.”

#### **Free virtual training courses – the dates:**

The BILSTEIN Academy’s online seminars provide in-depth knowledge in just one hour, taught by experienced trainers – interactively and with a practical focus. The first dates in 2025 are:

- **Monday, 10 March 2025, 3:00 pm (CET):** Camper shock absorbers: areas of application, customer expectations, product range, design, function, and installation
- **Monday, 17 March 2025, 3:00 pm (CET):** Air spring systems in passenger cars: design, function, and installation
- **Thursday, 20 March 2025, 3:00 pm (CET):** Suspension diagnosis on passenger cars: installation information and error prevention

Registration is easy and free of charge at: <https://workshop.bilstein.com/en/trainings-and-courses/>

#### **More than just virtual**

In addition to the online seminars, the BILSTEIN Academy also offers on-site training and an e-training programme that is available 24/7 and can be flexibly integrated into the daily work routine. The aim is to support workshops worldwide by providing the latest knowledge and practical experience.
