Room for life: Join us for the reveal of the new Volvo EM90

The new, fully electric Volvo EM90 will make its debut to the world on 12 November 2023 at 12:30 PM CET, during a special event in Shanghai for media and invited guests. The reveal will also be livestreamed, and we'd love for you to join us.

The Volvo EM90 is our first ever fully electric premium MPV, designed for you to make the most of the time spent in the car. A place where you can connect with your loved ones, create, relax, work, or just think – like a Scandinavian living room on the move.

During the reveal event, our CEO Jim Rowan and other senior leaders and experts will guide you through the premium experience, tech, design, and other key highlights, allowing you to explore the car in an immersive way.

The full reveal will be livestreamed here:
