Something small is coming: join us for the reveal of the new Volvo EX30

The new fully electric Volvo EX30 will be unboxed on 7 June 2023 at 12:30 UK time (13:30 CEST), during a special event for media in Milan. The reveal will also be livestreamed, and we'd love you to join us.

Our smallest ever SUV, the EX30 is designed to make people's lives safer, more convenient and more enjoyable. It's also designed to have the lowest CO₂ footprint of any Volvo car to date, while offering customers plenty of range.

In essence, the Volvo EX30 is a small electric SUV that does big Volvo things, and we can't wait to show it to you!

During the reveal event, our CEO Jim Rowan and other senior leaders and experts will guide you through the technology, design and other key highlights, allowing you to explore the car in an immersive way.

The full reveal will be livestreamed here:

- EX30event.volvocars.com (Global)
- EX30event.volvocars.com.cn (mainland China)

Don't miss it – see you on 7 June.

Welcome!
