VOLVO LAUNCHES NEW 120,000 MILE WARRANTY LED CHAUFFEUR PROGRAMME

- Volvo's new Chauffeur package offers business users great deals on its S60, V60, V70 and S80 models
- The offer includes a three year 120,000 mile extended warranty on every vehicle
- The new Volvo S80 Business Contract Hire offer starts at just £369* per month

Volvo has further added value to its range of services to business users with the launch of a Chauffeur package on its S60, V60, V70 and S80 models.

At the heart of this new offer is a three year 120,000 mile extended warranty which takes into account the significant mileages that some chauffeur driver companies cover each year.

Volvo is also offering free metallic paint on every chauffeur car and a range of purchasing and finance options. The latest addition to the chauffeur programme is Volvo's new S80, which is on Business Contract Hire for just £369* (+VAT) per month.

"Volvo is at the forefront of the chauffeur market with its ground breaking relationship with Tristar Worldwide who service the Virgin Airways' Upper Class chauffeur contract," explained Selwyn Cooper, Volvo Car UK's National Corporate Operations Manager.

"The Volvo S80 and V70 are the most utilised vehicles in the chauffeur market due to their generous rear legroom, high level of interior comfort and large boot space. We believe this package will help us grow our share of this market," he added.

Next on the list for chauffeur companies to look forward to is the introduction of Volvo's new V60 Plug-In Hybrid. With a host of Volvo's latest technology fitted as standard, a mere 49g CO₂ and a range of up to 621 miles when in Hybrid mode, Volvo will be adding this revolutionary car to its chauffeur offering later this year.
