# VOLVO CAR UK ANNOUNCES V60 PRICING AND SPECIFICATIONS

- New Volvo V60 priced from £23,145
- Available in four trim levels: ES, SE, SE Lux and R-Design
- V60 models priced £1,150 above equivalent S60 model (except D3)
- Six engine line-up includes four petrols and two diesels
- On sale now, with first customer deliveries starting December 2010

Volvo Car UK has announced prices for the all-new V60 sports wagon. Available in four trim levels and with a wide choice of petrol or diesel engines, the V60 sports wagon will start from £23,145 for the 150PS T3 ES model, rising to £37,895 for the flagship 304PS T6 AWD SE Lux Geartronic Premium model. R-Design models, featuring more dynamic styling and chassis enhancements, will also be available from £25,695.

The new Volvo V60 features striking coupé-like lines and a pronounced wedge shape that enhances the car's stance on the road and emphasises the dynamic design. Behind the wheel, the V60 feels every bit as taut as its design thanks to a chassis that has been tuned to match the expectations of enthusiast drivers.

Six engines will be available to UK customers at launch - two diesels and four petrols. Entry into the range will be the D3 model, which generates 163PS and 400Nm torque from its 2.0 diesel powerplant. Fuel consumption on the combined cycle is 51.4mpg for the manual version (46.3mpg in Geartronic) while CO<sub>2</sub> emissions are 144g/km (manual).

Further up the range is the 205PS D5, with 420Nm torque. Also available with either manual or Geartronic transmission, the 2.4-litre unit delivers a top speed of 143mph and can sprint from 0-60mph in 7.5 seconds. Impressive performance is matched to impressive fuel economy of 52.3mpg on the combined cycle (manual version) with CO<sub>2</sub> emissions of 142g/km.

Petrol engines enter the range with the 1.6-litre T3, featuring 150PS and 240Nm torque and Start/Stop technology. Available only with a six-speed manual gearbox, the T3 will return up to 42.2mpg on the combined cycle and emits 156g/km CO<sub>2</sub>.

Next up is the 1.6-litre T4 variant, which is available with either six-speed manual or Geartronic transmission. The 180PS, 240Nm torque engine will take the manual V60 from 0-60mph in 8.0 secs and on to a top speed of 137mph, while keeping CO<sub>2</sub> emissions down to 156g/km and delivering up to 42.2mpg. The T4 also features Start/Stop technology on manual gearbox only.

A 2.0-litre petrol engine powers the T5 variant, boasting 240PS and 320Nm torque. The T5 emits 189g/km CO<sub>2</sub> in manual guise (194g/km Geartronic) and will return up to 34.9mpg on the combined cycle.

The flagship version is the all-wheel-drive T6 petrol model with Geartronic gearbox. Featuring a 304PS 3.0-litre engine, the high-performance T6 returns up to 28.5mpg on the combined fuel economy cycle and has CO<sub>2</sub> emissions of 237g/km. It can reach 60mph from a standstill in under six seconds and will continue on to a top speed of 155mph.

## ES, SE and SE Lux

Standard equipment on all new Volvo V60 models starting with the new ES variant includes Electronic Climate Control, Cruise Control, 5" colour screen as part of the new Infotainment system, Information Centre, floor mats, Passenger Airbag Cut-Off Switch, steering wheel remote audio controls, alloy wheels and leather steering wheel and gear stick. In addition six-speaker Performance Sound Audio System, 16" alloy wheels and charcoal trim are also standard.

The SE trim level starts from £25,145 for the T3 engine and maintains all the standard equipment in the ES alongside Tylosand T-Tec upholstery, Shimmer Graphite aluminium trim, watch dials, Auto Dimming rear view mirror, Autofolding Power Door Mirrors with Puddle Lights, rain sensor, High Performance Sound System, Bluetooth, Rear Park Assist and 17" alloy wheels.

Starting from £26,945 (T3), the top-of-the-range SE Lux combines the ES and SE specifications and incorporates Power Drivers Seat & Memory, leather-faced upholstery, Active Bending Lights and headlamp cleaning.

To further enhance these already comprehensive specifications, a "Premium Pack" upgrade is available on SE, SE Lux and R-Design trim levels which adds leather-faced upholstery, satellite navigation system, DAB Digital Radio and High Performance Multimedia audio system to the car.

## R-DESIGN

The UK is expected to be one of the largest markets for Volvo's new S60 and V60 R-Design models with an expected uptake of 20%. The R-Design models feature enhanced styling and more dynamic driving characteristics than the standard cars. R-Design is available across both the S60 and V60 range - not just the higher-spec variants.

Exterior upgrades include unique five-spoke 18" Ixiom alloys, a front strut brace and revised dampers that result in a stiffer chassis for enhanced driver enjoyment, plus a 15mm lowered chassis, redesigned front valance and specially developed rear diffuser incorporating twin exhaust tailpipes.

Inside, the driver and front passenger sit in sports seats featuring a special leather/textile upholstery trimmed in off-black and ceramic light, or in an all-black variant, both with contrasting stitching. The interior also features an R-Design steering wheel, gear selector, sports pedals and floor-mats.

R-Design models are priced from £25,695.
