Volvo XC90 selected as one of the Best Family Cars of 2021 by Parents Magazine

(MAHWAH, N.J.) April 7, 2021: The 2021 Volvo XC90 midsize luxury SUV has been recognized as one of the Best Family Cars of 2021 by Parents Magazine.

Parents Magazine, a leading resource for parents everywhere, consulted certified child-passenger technicians and its in-house automotive experts to evaluate over 50 new model vehicles with high-tech performance, safety and convenience features across multiple categories to fit family's specific needs, including minivans, three-row SUVs and family sedans.

The seven-passenger XC90 was recognized for its sleek Scandinavian-inspired design and spacious cabin. As customers have come to expect from Volvo, the XC90 also features a full suite of standard safety features, including intelligent driver assist technology, easy-to-access LATCH system for secure car-seat installation, and an available integrated child booster seat.

In fact, the Volvo XC90 received the TOP SAFETY PICK PLUS (TSP+) award from the Insurance Institute for Highway Safety (IIHS) for having the highest level of safety. As of March 2021, Volvo Cars has earned more single year TSP+ awards than any other automaker since the TSP+ honors began in 2013. The XC90 also has a 5-Star Safety Rating from the National Highway Traffic Safety Administration (NHTSA).

The XC90 is available with three powertrain options, including a 400-horsepower plug-in hybrid arrangement with all-wheel-drive. All are equipped with Volvo On Call, which automatically notifies emergency services in the event of an air bag deployment, forward-collision warning, blind-spot monitoring, and lane keep assist, making it a safe choice for any family adventure.

Key selection criteria for inclusion in this year's Best Family Cars of 2021 list included: Stellar ratings on a range of industry safety tests, car-seat checks evaluated by certified child-passenger safety technicians, test drives that assessed braking, steering, acceleration, safety technology, and more.

The XC90 was also highlighted by Parents Magazine as the top choice amongst the [Best Luxury Cars for Families in 2020](#), outperforming nine other offerings from several other automotive brands.
