

Terranor wins SEK 36 million sweeping contract for Vejle Municipality

10 December 2025

Terranor A/S has won a competitive tender in Vejle Municipality and has now entered into a new four-year contract for road sweeping services, running from 1 January 2026 to 31 December 2029. The agreement is valued at DKK 24 million (approximately SEK 36 million) for the full contract period and has an option for an additional two years. The contract was signed without a standstill period, and the new agreement will extend Terranor's operational presence in Vejle to a total of 20 years.

“Sweeping is a task that requires both stable delivery, knowledge of local conditions and a solution that works in practice - every day and all year round. Our focus on O&M with a diligent tender strategy, a strong local presence and high service reliability enables us to win and deliver on these contracts and thereby retain long-term relationships.” says René Møller, Project Manager at Terranor A/S.

About Terranor

Terranor is one of the leading players in road maintenance in the Nordic region. The Company's business concept is to offer a wide range of qualified services in road operation and maintenance to ensure that roads remain accessible and functional all year round. The business covers both winter road maintenance, with snow removal and anti-slip protection, and summer maintenance, such as repairs and asphalt work. In addition, Terranor offers services in green area management, road safety and light infrastructure projects. Through operational efficiency, Terranor has achieved a high and profitable growth.
