

Terranor is granted an option to further improve safety for the Swedish Transport Administration

11 December 2025

Terranor AB has been granted an option by the Swedish Transport Administration to further improve road safety in southern Sweden by installing additional speed cameras. The total order value is SEK 20 million, with the contract running until the 31 March 2027.

“We are very pleased that the Swedish Transport Administration has extended our contract, which is proof of our high service reliability and strong client focus. We look forward to continuing our collaboration with them to create safer roads for everyone.” says, Per Sjöblom, Head of Sweden at Terranor AB.

In 2025, Terranor won the tender to enhance traffic safety in the region by installing 27 speed cameras, with an option for additional work. Following the recently completed final inspection, Trafikverket has exercised the option, commissioning Terranor to install an additional 54 speed cameras.
