

HUFVUDSTADEN

PRESS RELEASE

Change in numbers of shares in Hufvudstaden

In accordance with a resolution passed at the Annual General Meeting on March 19, 2026, Hufvudstaden AB (publ) has cancelled 16,965,000 own Class A shares previously bought back by the company.

Following the cancellation of 16,965,000 shares, the total number of shares and outstanding shares in the company amounts to 194,306,933, allocated among 186,436,429 Class A shares and 7,870,504 Class B shares.

The share capital of SEK 1,056,359,665 remains unchanged because – at the same time as the decision was taken to reduce the share capital by cancelling bought back shares – the company decided to increase the share capital by transferring unrestricted equity to share capital (bonus issue). This was carried out without issuing any new shares. The share capital has thereby been restored to the same amount as before the reduction.
