## Hemsö receives Swedish Business Award in Germany

**Hemsö has received the Swedish Business Award in Germany that is presented by the Swedish Chamber of Commerce, Business Sweden and the Embassy of Sweden.**

The award is being presented for the 16th time to Swedish enterprises that have successfully established themselves in Germany and that have enriched the German market with their ideas, innovations and Swedish business operations. Hemsö received the award in the category for medium-sized enterprises.

“We are very proud of the award, which is evidence that we have been successful in establishing our operations in the German property market. We are specialists in the nursing home segment but also focus on other types of properties for public use, such as educational premises,” says Jens Nagel, Head of Region, Germany, at Hemsö.

The award was presented at a gala evening in Munich on 22 November. The guests of honour at the gala were the Bavarian Minister of State for Economic Affairs and Media, Energy and Technology and a representative for the Swedish government.

### **About the Swedish Business Award**

The Swedish Business Award in Germany has been presented by the Swedish Chamber of Commerce, Business Sweden and the Embassy of Sweden since 2003. All Swedish enterprises that have successfully established operations in the German market can enter for the award. The award is presented in three categories: large enterprises, medium-sized enterprises and newcomers in the German market.
