

Press release, April 21, 2015

Boule Diagnostics announces new financial objectives

The Board of Directors of Boule Diagnostics AB (“Boule”) has set new financial objectives. They were published today in Boule’s annual report for 2014. The financial goals below, two of which are new, as of 2015:

- Average sales growth over 5 years to exceed 10 percent per year.
- Annual operating margin (EBIT margin) in excess of 13 percent.
- Net debt (interest-bearing liabilities less cash and cash equivalents) should not exceed three times operating profit on a full year basis.

The previous financial objectives were:

- Average sales growth over 5 years to exceed 10 percent per year
- Annual EBITDA margin to exceed 15 percent.
- An equity-to-assets ratio of 30-50 percent.

Boule has today published the full annual report for the financial year 2014 on www.boule.se.
