Three new shareholders in Boule Diagnostics

Svolder AB, Nordea Fonder and AB Grenspecialisten, none of whom previously held shares in Boule Diagnostics AB, have acquired 11.6 percent, 11.6 percent and 10.2 percent respectively of the shares in the company.

The shares have been sold by Siem Capital AB that, after 23 years as a shareholder, has divested its entire holding in Boule Diagnostics AB of 1,570,084 shares that represent 33.4 percent of the capital and voting rights in the company.

“We view this broadened ownership of the company as a positive move and our new and qualified investors as a stamp of quality,” says Ernst Westman, President and CEO, Boule Diagnostics AB.

The sale of the shares was arranged by Swedbank Corporate Finance.
