PRESSMEDDELANDE FRÅN SOCIALDEMOKRATERNA I STOCKHOLMS STADSHUS

Press invite: Will Stockholm manage its rapid growth? A presentation of the road ahead

Stockholm is Europe's fastest growing capital. In 2022, the population of Stockholm will reach one million people. This requires continuous development and innovative and effective urban planning. The refugee crisis has brought thousands of asylum seekers to the city, and growing segregation remain one of the city's biggest challenges.

Will Stockholm be able to meet the challenges that come with rapid growth and do so in a sustainable way? How can we build an inclusive city that remains open and tolerant?

Welcome to this presentation of the current urban plans, by the vice mayor for Culture and urban planning Mr. Roger Mogert.
