**ATS EUROMASTER AWARDED COVETED SUPPLIER STATUS ON  
GOVERNMENT PROCUREMENT SERVICE FRAMEWORK AGREEMENT  
(Contract ID RM955: SUPPLY AND FIT OF TYRES)**

After completing a comprehensive tender process ATS Euromaster has been awarded coveted supplier status to public sector organisations across the UK, as part of a multi-brand tyre supply deal on the Government Procurement Service framework agreement RM955.

For the next four years ATS Euromaster is able to supply a full range of car, van, 4x4, truck and agricultural tyres, from premium to budget fitments, to every public sector organisation across the UK, including the nation's fire engines, ambulances, prison vehicles and local authorities.

The framework has a number of suppliers in each lot, meaning public sector organisations will be able to choose from approved suppliers for their tyre requirements.

"We believe that ATS Euromaster offers the taxpayer the best value for money in tyre supply to keep crucial public sector vehicles on the move," says Peter Fairlie, Group Sales Director at ATS Euromaster. "In an era of austerity we're particularly proud to have been appointed to this framework agreement."

Prior to this new framework agreement, ATS Euromaster was a nominated service partner on the original pan-government tyre sourcing initiative which was first established by the NHS Purchasing and Supply Agency (NHS PASA) and later led by the Office of Government Commerce (OGC). This was set-up in 2007 and was available to all public sector organisations across the UK.

**About ATS Euromaster**

ATS Euromaster is part of the Euromaster Group, which operates in fifteen European countries with 10,700 employees in more than 1,800 service centres. Established in the UK since 1961, ATS Euromaster has 368 service centres (comprising a mixture of retail, comprehensive and truck sites), approximately 1,000 mobile service vans and employs over 2,680 people, providing national coverage of the UK. It is the largest comprehensive tyre distributor supplying tyres for everything from cars and vans to trucks, coaches, forklifts, agricultural tractors and even construction plant. In 2010 ATS Euromaster became the first national tyre expert to be accredited by both SAFEContractor and the Contractors Health and Safety Scheme (CHAS). The company's technicians are amongst the most highly trained in the fast-fit industry, offering a comprehensive range of products and services including tyres, fleet inspections, nitrogen inflation, brakes, batteries, shock absorbers, oil, exhausts, fault diagnostics, air-conditioning servicing and MOT testing.
