

Where SAS is flying this summer

As the demand for travel increases, SAS is continuing to open up routes as part of the SAS traffic programme for the summer. SAS is resuming its full range of destinations to Italy from Denmark and Sweden, including Naples, Pisa, Olbia and Bologna. Flights are also resuming to destinations such as Pula and Dubrovnik in Croatia and Lisbon in Portugal. SAS is starting three brand new routes from Copenhagen to Bari at the heel of Italy, Rhodes in Greece and Tivat in Montenegro. SAS is also resuming most direct routes from Norway, including from Oslo to Athens, Nice and Reykjavik as well as dozens of Mediterranean destinations.

More and more countries are opening up to visitors for the summer, as the number of vaccinations against COVID-19 increases and infection rates decrease. Demand is greatest for flights to warmer destinations. The full list of SAS destinations for summer can be found at the bottom of this press release.

Although many countries are now easing their entry restrictions, most countries still require various types of travel and test certificates in connection with trips, and it is important to be well-prepared well before arriving at the airport. To make it easier for SAS travellers, SAS has developed a new digital platform, SAS Travel Ready Center.

New procedures for checking in due to coronavirus

Through SAS Travel Ready Center, travellers can prepare everything they need online from home. On this site, customers can see what restrictions apply at their destination, upload travel certificates, and have them reviewed and verified by SAS. They can then download their boarding pass electronically and, when it is time to leave for the airport, they can go directly to the SAS self-service line. This option is currently available for a range of SAS destinations.

Read more about the SAS [traffic programme](#) and SAS [Travel Ready Center](#) at [sas.se](#).

Flexible options

Flexibility is important for travellers, especially now that travelling is more challenging than usual. Customers can rebook international flights up to 72 hours before departure free of charge. SAS has also introduced more flexible rebooking options to make things easier for our customers. SAS Plus tickets can be rebooked and refunded. For domestic flights, SAS offers rebooking free of charge up to an hour before departure for SAS Go Flex tickets. SAS also offers a 24-hour money-back guarantee if customers have booked their flight through SAS. Read more about [SAS Flexible Booking](#).

Safe travel with SAS

Flying is a safe way to travel during the pandemic, as the air on board aircraft hinders the spread of infection. Over the past year, SAS has introduced a range of measures and procedures to further ensure safe air travel. Read more about our measures at [SAS Safe Travel](#).

SAS destinations this summer:

SAS, Scandinavia's leading airline with hubs in Oslo, Copenhagen and Stockholm, flies to destinations across Europe, the USA and Asia. Inspired by our Scandinavian heritage and sustainable values, SAS aims to be a global leader in more sustainable flight. We aim to reduce our total CO₂ emissions by 25% by 2025 using more sustainable jet fuel and our modern fleet of fuel-efficient aircraft. In addition to flights, SAS offers ground services, technical maintenance and airfreight. SAS is one of the founders of Star Alliance™ and offers a large number of destinations around the world with cooperating airlines.
