## Proact recognised as Top EMEA Growth Partner by Equinix

Europe's leading independent cloud services and data centre provider Proact has been awarded Equinix's Top EMEA Growth Partner prize for its work as part of the Equinix Partner Program.

The Equinix Partner Program is a rich business ecosystem of top service providers who help companies deploy optimal cloud solutions – whether public, private or hybrid. As partners, Proact and Equinix work together to deliver integrated solutions, tailor-made in-line with customers' goals and challenges.

The collaboration between Equinix and Proact is offering organisations the ability to integrate and assemble secure, scalable hybrid solutions in a repeatable manner around the world to accelerate cloud adoption.

Paul Bates, Vice President of Portfolio and Technology at Proact, says: "It is great to work with partners such as Equinix to offer our customers the right solutions to enable their digital transformation. We are delighted to have received this prize and we hope to build on this success as we look to develop our strategic partnership.

"By collaborating with partners such as Equinix, who truly enable global connectivity, we can help our customers accelerate their business and innovation approaches to create exceptional value from IT."

Proact and Equinix worked together on a number of notable projects throughout 2018, including Infrastructure as a Service solutions (Proact Hybrid Cloud) hosted within Equinix® International Business Exchange™ (IBX®) data centres. Successful designs also leveraged Equinix Cloud Exchange Fabric™, a software-defined interconnection solution that has enabled customers to connect to public cloud resources.

Simon Ognall, Channel and Alliances Director at Equinix EMEA, says: "It is clear to see how the Proact and Equinix partnership is delivering both value to both customers and sales teams. Our joint projects show that we can offer the right blend of platforms, services and expertise to drive value in the digital economy. We look forward to what the future has in store."

Platform Equinix™ a leading global ecosystem of more than 2,900+ cloud service providers including IaaS, PaaS, and SaaS technology companies available through the Equinix Cloud Exchange and in our 200+ data centers worldwide.
