

PRESS RELEASE

Stockholm, June 12, 2018

Ework is awarded frame agreement with the United Nations Population Fund

Ework Group has been awarded a Long-Term Agreement, LTA with United Nations (THE UNITED NATIONS POPULATION FUND) for Java development, Mobile Application development, ColdFusion development, and Jira/Confluence development. On-site (New York) or off-site (remote).

UNFPA is the United Nations reproductive health and rights agency. Their mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled. <https://www.unfpa.org/>

The LTA entered into force on May 3, 2018 and is valid for a period of three years and may be extended for up to one additional year. A total estimated value of approx. 345 MSEK.

"With this agreement we continue to strengthen Ework's position internationally, our work to attract talent for a competitive network, as well as our work to create a better world", says Eva Vati, Head of Sustainability and Global Public at Ework Group.
