**Shareholders
of
Svenska Handelsbanken AB (publ)
are hereby given notice to attend the annual general meeting at
China Teatern, Berzelii Park 9, Stockholm,
on Wednesday, 25 March 2026 at 10:00 a.m. CET**

Registration for the annual general meeting (AGM) begins at 8:30 a.m. Before the meeting, from 9:20 a.m., there will be a presentation about Handelsbanken's societal commitment to economic science and knowledge dissemination. The AGM will start at 10:00 a.m. Outerwear and larger bags are not permitted in the meeting venue and must be left in the cloakroom outside the meeting venue. Shareholders also have the opportunity to exercise their voting rights through advance voting (postal voting) before the AGM.

Conditions for participation in the meeting

There are two ways for shareholders to participate in the AGM: (i) attending the AGM in person or by proxy, or (ii) participating by advance voting. In either case, if the shares are registered in the name of a nominee, they must be temporarily re-registered in the name of the shareholder (as further described below).

Participation in person or by proxy

Shareholders wishing to attend the AGM in person or by proxy must:

- be entered in the register of shareholders kept by Euroclear Sweden AB on Tuesday, 17 March 2026,
- and give notice of their attendance by Thursday, 19 March 2026 at the latest. Notice is to be sent to the Bank via the Bank's website handelsbanken.com/bolagsstamma (in English at handelsbanken.com/agm), via email proxy@computershare.se, by telephone on 08 518 01 553 (from outside Sweden +46 (0)8 518 01 553), or by letter to Computershare AB, Handelsbankens årsstämma, Box 149, 182 12 Danderyd, Sweden.

Shareholders who have appointed representatives must issue a written, dated power of attorney for the representative. Power of attorney forms are available on the Bank's website, handelsbanken.com/bolagsstamma (in English at handelsbanken.com/agm). A power of attorney issued by a representative of a legal entity must also be accompanied by a registration certificate or corresponding authorisation documents. These documents must prove the authority of the person who has signed the power of attorney to appoint the representative for the legal entity. Notice of attendance must also be given, as described above.

In order to facilitate entry at the meeting, the power of attorney and other authorisation documentation should be sent to the Bank at the address above well in advance of the AGM.

Shareholders or representatives may be accompanied by no more than two advisors. Advisors may only be brought to the AGM if the shareholder notifies the Bank of the number of advisors in the same way as stated above for giving notice of the shareholder's attendance.

Notices of attendance received in time will be confirmed by the delivery of a personal entrance card which must be shown at the entrance to the meeting venue. The entrance cards will be sent digitally to attendees who have registered an email address, and by post to other attendees.

Participation through advance voting (postal voting)

Shareholders who wish to participate in the AGM by advance voting must:

- be entered in the register of shareholders kept by Euroclear Sweden AB on Tuesday, 17 March 2026,
- and give notice of their attendance by submitting their advance votes, not later than Thursday, 19 March 2026, according to the instructions below.

Shareholders may cast their advance votes using one of the following alternatives:

- By submitting a digital voting form and verification with BankID via the Bank's website handelsbanken.com/bolagsstamma (in English at handelsbanken.com/agm). Such advance votes must be submitted not later than Thursday, 19 March 2026.
- By completing and signing a form for advance voting which is available on the Bank's website handelsbanken.com/bolagsstamma (in English at handelsbanken.com/agm) or can be received by letter by contacting Computershare AB via telephone on 08 518 01 553 (from outside Sweden +46 (0)8 518 01 553). The completed and signed form for advance voting shall be sent by e-mail to proxy@computershare.se or by letter to Computershare AB, Handelsbankens årsstämma, Box 149, 182 12 Danderyd, Sweden. Completed forms must be received by Computershare not later than Thursday, 19 March 2026.

The shareholders may not provide special instructions or conditions to the advance vote. If so, the entire advance vote is invalid. Further instructions and conditions can be found in the advance voting form. If a shareholder submits its advance vote through a representative, a written and dated power of attorney signed by the shareholder must be attached to the advance voting form. Power of attorney forms are available on the Bank's website handelsbanken.com/bolagsstamma (in English at handelsbanken.com/agm). A power of attorney issued by a representative of a legal entity must also be accompanied by a registration certificate or corresponding authorisation documents.

Shareholders who wish to attend the AGM at the meeting venue in person or by proxy must give notice of their attendance to the Bank in accordance with the instructions under "Participation in person or by proxy" above. This means that a notice of attendance by

advance voting only is not enough for a shareholder who wants to attend the AGM at the meeting venue in person or by proxy.

Nominee-registered shares

To be able to participate in the AGM (including via advance voting), any shareholders whose shares are nominee-registered (in a custody account) via a bank or other nominee must temporarily re-register the shares in his/her own name in the register of shareholders kept by Euroclear Sweden AB (so called “registration of shares for voting rights”). Shareholders must notify the nominee of this in good time. Registrations of shares for voting rights that have been requested by shareholders in such time as to be completed by the nominee no later than Thursday, 19 March 2026 will be taken into account when the register of shareholders is prepared. Shareholders must also give notice of their attendance in accordance with the “Conditions for participation in the meeting” section above.

Nomination committee

The nomination committee has consisted of chairman Ms Helena Stjernholm (Industrivärden), Ms Maria Sjöstedt (Oktogonen Foundation), Mr Claes Boustedt (Lundberg ownership group), Ms Anna Hääger (Afa Försäkring) and the Chairman of the Board Mr Pär Boman. A presentation of the work of the nomination committee can be found on the Bank's website handelsbanken.com/bolagsstamma (in English at handelsbanken.com/agm).

Item 2 Election of the chair of the meeting

The nomination committee proposes attorney Mr Patrik Marcelius as chair of the meeting.

Item 3 Preparation and approval of the voting list

The voting list proposed for approval is the voting list drawn up by Computershare on behalf of the Bank, based on the AGM's share register, shareholders having given notice of attendance and being present at the meeting venue, and advance votes received.

Item 9 Dividend and record day

The Board proposes a dividend of SEK 17.50 per share, of which SEK 8.00 relate to ordinary dividend, and that the remaining profits be carried forward to next year. In addition, the Board proposes that Friday, 27 March 2026 be the record day for receiving dividends. If the meeting resolves in accordance with the proposal, Euroclear Sweden AB expects to distribute the dividend on Wednesday, 1 April 2026.

Item 12 The Board's proposal for authorisation for the Board to resolve on acquisition and divestment of shares in the Bank

The earning capacity of the Bank remains good, and a stable capital situation can be foreseen. Depending on the continuing growth in volumes, a strengthened capital situation may arise. In such a situation, it could be appropriate to adjust the Bank's capital structure, which may, among other things, be carried out by repurchasing the Bank's own shares. A new authorisation by the meeting for the Board to resolve on the repurchase of the Bank's own

shares is therefore justified. The Board also notes that if the Bank were to acquire a company or business, such a transaction could be facilitated if its own repurchased shares were available to finance such acquisitions.

The Board proposes that the Board be authorised to, on one or more occasions until the next AGM, resolve on the purchase of Handelsbanken's own class A and/or B shares on the following main conditions:

- The purchases may be made on Nasdaq Stockholm and in accordance with Nasdaq Stockholm's Main Market Rulebook for Issuers of Shares.
- The Bank may purchase a total of no more than 120,000,000 class A and/or B shares or a higher number which comprises a percentage adjustment for an increase in the number of shares in Handelsbanken due to conversion of convertibles, a share split, or an issue of shares.
- Purchases shall be made in compliance with the pricing restrictions set out in Nasdaq Stockholm's Main Market Rulebook for Issuers of Shares, which provides, among other things, that purchases of shares may not be made at a price higher than the higher of the price of the last independent trade and the highest current independent purchase bid on the trading venue where the purchase is carried out. Purchases may not be made at a lower price than the lowest price at which an independent purchase may be made.
- The aggregated holding of the Bank's own shares, including shares in the trading book, shall not at any time exceed one-tenth of all shares in the Bank.

The Board also proposes that the Board is authorised to, on one or more occasions until the next AGM, resolve on divestment of the Bank's own shares of class A and/or B, as payment in connection with acquisition of a company or business, or to finance such acquisition, in accordance with the following terms and conditions:

- Divestments may be made on Nasdaq Stockholm at a price per share within the registered price range at any time.
- Divestments may also be made in accordance with the rules in Chapter 19, Sections 35-37 of the Swedish Companies Act, i.e. outside a regulated market.
- No more than the number of class A and/or B shares held by the Bank at the time of the Board's decision may be divested.
- The authorisation includes the right to resolve on deviation from the shareholders' preferential rights and that payment may be made in kind or by set-off, whereby the consideration for divested shares, if the divestment is made without preferential rights for the shareholders, shall correspond to an assessed market value for the shares at the time of the decision on the divestment.

The purpose of the authorisation is to give the Board more flexibility in financing acquisitions of companies or businesses. The reason for deviating from the shareholders' preferential rights shall be to create alternative forms of payment when acquiring companies or businesses.

Item 13 The Board's proposal for acquisition of shares in the Bank for the Bank's trading book pursuant to Chapter 7, Section 6 of the Swedish Securities Market Act

The Board proposes that, in order to facilitate its securities operations, and until the next AGM, the Bank shall have the right to acquire its own class A and/or B shares for the Bank's trading book pursuant to Chapter 7, Section 6 of the Swedish Securities Market Act, on condition that the Bank's own shares in the trading book at no time exceed two per cent of all shares in the Bank. The price of the acquired shares shall correspond to the applicable market price at the time of acquisition.

Item 14 The Board's proposal regarding authorisation for the Board to resolve on issuance of convertible tier 1 capital instruments

The Board proposes that the Board be authorised to, on one or more occasions until the next AGM, issue convertible tier 1 capital instruments in accordance with the following main conditions:

- An issue may be made with or without deviation from shareholders' preferential rights.
- The convertibles will not include the right of conversion for the holders, but will lead to mandatory conversion to shares in accordance with the terms and conditions, in the case of one or more pre-defined events.
- It should be possible to convert to class A or class B shares in Handelsbanken.
- The loan amount and conversion conditions will be determined so that the aggregate number of shares which may be issued when converting convertibles issued under this authorisation, with application of the conversion price determined at the time of issue, amounts to a maximum of one-tenth of all shares in Handelsbanken, currently corresponding to 198,002,849 shares. Issuances under this authorisation must be made on market terms.

The purpose of the authorisation is to permit a flexible, effective adaptation of Handelsbanken's capital structure. The reasons for being able to issue the convertibles with deviation from the shareholders' preferential rights are that the authorisation would allow the Board to rapidly perform issues of convertible debt instruments, which is considered appropriate in view of the fact that it is intended that these debt instruments will mainly be issued to debt investors on the international capital markets, and it is therefore important to be able to issue them at an appropriate point in time.

Items 15-16 Determining the number of members of the Board and the number of auditors to be appointed by the meeting

The nomination committee proposes that the meeting resolve that the Board consist of eight (8) members elected by the AGM. In addition, in accordance with the audit committee's recommendation, the nomination committee proposes that the meeting appoint two registered auditing companies as auditors.

It was noted that workers' organisations have appointed employee representatives to the Board: two ordinary members and two deputy members.

Item 17 Determining fees for Board members and auditors

Fees to the chair, deputy chair and remaining members are proposed by the nomination committee as follows: SEK 4,200,000 (4,050,000) to the chair, SEK 1,190,000 (1,150,000) to the deputy chair, and SEK 855,000 (825,000) to each of the remaining members. For committee work, the following fees per member are proposed: remuneration committee SEK 143,000 (140,000) to members and SEK 143,000 (140,000) to the chair; credit committee SEK 575,000 (550,000) to members and SEK 700,000 (650,000) to the chair; risk committee SEK 575,000 (550,000) to members and SEK 750,000 (700,000) to the chair; and audit committee SEK 575,000 (550,000) to members and SEK 750,000 (700,000) to the chair. Board members who are employees of Handelsbanken shall not receive a fee.

The nomination committee proposes that the meeting resolve on remuneration to be paid to the auditors "on approved account".

Items 18-19 Election of the Board members and the Chairman of the Board

The nomination committee proposes that the meeting re-elect the following members: Ms Stina Bergfors, Mr Hans Biörck, Mr Pär Boman, Ms Kerstin Hessius, Mr Anders Jernhall, Ms Louise Lindh, Mr Fredrik Lundberg and Mr Ulf Riese. Ms Hélène Barnekow has declined re-election.

The nomination committee also proposes that Mr Pär Boman be re-elected as Chairman of the Board.

More details on the proposed members of the Board may be found in the nomination committee's proposal, which is available on the Bank's website handelsbanken.com/bolagsstamma (in English at handelsbanken.com/agm).

Item 20 Election of auditors

In accordance with the audit committee's recommendation, the nomination committee proposes that the meeting re-elect Öhrlings PricewaterhouseCoopers AB ("PwC") and Deloitte AB as auditors for the period until the end of the AGM to be held in 2027. These auditing companies have informed that if they are elected they will as auditors in charge appoint Mr Magnus Svensson Henryson (authorised public accountant) for PwC and Ms Malin Lünig (authorised public accountant) for Deloitte AB, respectively.

Item 21 Election of auditor in foundations with associated management

The Board proposes that the auditing company Azets Revision & Rådgivning AB be elected as auditor for foundations associated with Svenska Handelsbanken AB. The foundations concerned are set out in the complete proposal of the Board.

Item 22 Shareholder proposal that the Bank shall contribute to the development and issuance of personal electronical IDs consisting of QR codes with short validity periods

The shareholder Mr Carl Axel Bruno has proposed the following:

“BankID and mobile BankID have long had problems with the possibility of hijacking individuals’ BankIDs, for example through remote control, data intrusion and so on. The world is now full of hijacked Swedish BankIDs.

The only thing that is needed is that the bank customer, in the future, is able to maximize the times for contact with the bank and contact with a company, with a maximum of half an hour between the entity who has the right to issue, for example, a “BrunoID” and the time for another company’s verification of the person’s personal identification number.

By the bank customer using its current BankID only to log in to the customer’s own bank, and the bank knowing its customers and any complaints about hijacked BankIDs, hijacked generally usable “BrunoIDs” with a validity period limited to half an hour will completely disappear after, say, half an hour.

I therefore propose that SHB should participate in the development and issuance of “BrunoID” which consists of QR codes with short-term validity periods, and which only contains the customer’s personal identification number, the bank’s identity, and the time of issuance. By encrypting the QR code with a standardised routine to determine the bank’s variable crypto key, copying of “BrunoID” together with attempts to change the validity period is prevented.

When, for example, the pesky telephone operator, usually by email, requests that I identify myself, I log in to my bank account with my BankID or with my Bankdosa (*eng. bank log-on card reader*) and get a “BrunoID” QR code with half an hour validity, which I copy and send to the telephone operator, for example by email. The organised crime hopefully does not cooperate with my telephone operator, so the probability that the evil organised crime will be able to coordinate the times of the crime with the telephone operator’s request for identification seems low. The QR code should then be able to be decrypted with the bank’s own crypto key and an open standardised data routine, which shows the personal identification number, the name of the bank, and the time of issue. If the time has expired, or if an attempt has been made to edit the QR code, the response would be blank. See the attached publication of “my routine” for this.

I know that a different type of QR codes are being copied, which are no longer accepted by Systembolaget, but these new QR codes can [only] be copied with a very short validity period”

Statement from Handelsbanken: Handelsbanken always focuses on customer security and offers services and products that meet high security requirements. The security work is a high priority and Handelsbanken is continually working on updating and improving its digital

services and security solutions. The measures proposed by the shareholder have been reviewed by the Bank's experts and the measures are deemed not to be appropriate in the light of the security measures already introduced by the Bank. The Bank therefore considers that the Annual General Meeting should not resolve in accordance with the shareholder's proposal.

Proposals in full, etc.

This notice, the complete proposals of the Board with accompanying statements, the nomination committee's proposals for resolutions with accompanying explanations, as well as a power of attorney form and an advance voting form, are available from Handelsbanken, Board Secretariat, Kungsträdgårdsgatan 2, 106 70 Stockholm, Sweden starting from today. The documents will be sent free of charge to shareholders who request this by telephone on +46 (0)8 518 01 553, by email proxy@computershare.se, or by letter to Computershare AB, Handelsbankens årsstämma, Box 149, 182 12 Danderyd, Sweden and submit their postal address.

These documents will also be available on the Bank's website handelsbanken.com/bolagsstamma (in English at handelsbanken.com/agm).

The annual report documents and the audit report, the assurance report regarding the sustainability report, the Board's report regarding paid and accrued remuneration to executive officers pursuant to Chapter 8, Section 53 a of the Swedish Companies Act, as well as the auditor's statement pursuant to Chapter 8, Section 54 of the Swedish Companies Act, will be available at the aforementioned locations no later than Wednesday, 4 March 2026, and will be sent free of charge to shareholders who so request and who submit their postal address.

Majority requirement

Approval of the Board's proposals under items 12, 13 and 14 requires approval by shareholders representing at least two-thirds of both the votes cast and of the shares represented at the meeting.

Information regarding the number of shares and votes in the Bank, and the Bank's holdings of its own shares

When this notice of attendance was published, there were a total of 1,980,028,494 shares and 1,948,302,297.9 votes in the Bank, of which 1,944,777,165 class A shares, representing the same number of votes, and 35,251,329 class B shares, representing 3,525,132.9 votes. The Bank has no holdings of own shares.

Information regarding shareholders' rights to obtain information

The Board and the Chief Executive Officer shall, if any shareholder so requests and the Board considers that this may be done without damage being incurred by the Bank and without any appreciable inconvenience for any person, provide information at the meeting regarding circumstances that may affect an assessment of an item on the agenda or circumstances that may affect an assessment of the Bank's financial situation.

This duty of disclosure also applies to the Bank's relationship with other companies within the Group and the consolidated annual accounts, as well as to subsidiaries in respect of the circumstances referred to in the preceding paragraph.
