

Press release

Addtech acquires Nijhuis Engineering B.V.

Addtech Electrification, a business area in the Addtech Group, has today signed an agreement to acquire 100 % of the shares outstanding in Nijhuis Engineering B.V. ("Nijhuis").

Nijhuis develops and supplies patented system solutions for road and rail construction machinery. The offer includes safety, load handling, and electrical conversion systems and is sold under its own brand mainly to European retailers and end users, primarily within the railway segment. Nijhuis is headquartered in Dronten, Netherlands, employs 23, and has an annual turnover of approximately 6 million EUR.

Nijhuis will become a part of and complement our existing operations within the Mobility business unit.

Closing will take place today. The acquisition is expected to have a marginally positive impact on Addtech's earnings per share during the current financial year.
