

Cult natural skincare range Barefoot SOS takes silver with Repair + Renew Intensive Treatment Oil

Beauty junkies and skincare aficionados have a new product to idolize. Skin-boosting Barefoot SOS Repair + Renew Intensive Treatment Oil walked away with the Silver Award at the coveted FreeFrom Skin Care Awards proving this all-natural reparative wonder oil is as effective as it is exciting.

“Sinks into skin quickly, very soft, not oily; my sensitive skin felt soothed and soft. I only used this as a night treat. It delivered and I would buy.”

“Skin looks more radiant – a lovely fragrance”

“Skin was a lot softer and hydrated than usual, more luminous and dewy”

Barefoot SOS Repair + Renew Intensive Treatment Oil is specially formulated with retinol-rich Rosa Mosqueta oil which boosts collagen and repairs signs of UV-induced ageing. Argan and Evening Primrose oils help soften the complexion as well as improving skin tone and elasticity.

The award followed a four-stage judging process of hundreds of products, which culminated in a rigorous month-long assessment by testers from the Ultimate Natural Beauty Bible.

Notes for Editors:

Multi-award winning Barefoot SOS Repair + Renew Intensive Treatment Oil harnesses the reparative properties of Rosa Mosqueta oil. The oil contains a natural form of retinol which boosts collagen, making it beneficial to skin tone and elasticity as well as improving the appearance of fine lines and wrinkles. Developed by natural health experts, Barefoot SOS is free from paraffin, parabens, SLS, artificial colours and at least 98% naturally derived, they are also suitable for vegans and have not been tested on animals. **Follow Barefoot SOS on Twitter at @barefootsos**
