

## New Head of Studsvik business area Germany

Effective January 1, 2021, Florian Buehler has been appointed President for the business area Germany. He has a long and broad experience from working with services for the nuclear power plants in Germany and Switzerland.

He will also be a member of Studsvik's Executive Management Group.

"Florian Buehler has been working in the German operation since February 2019 and currently he is the Chief Operating Officer and has been instrumental in the turn around program for the German operations. I am pleased that he will take on this position and further develop our business for the German and Suisse market", says Camilla Hoflund, CEO of Studsvik.

In connection to the appointment the name of the business area will be changed to *Decommissioning and Radiation Protection Services* effective from January 1.
