Peab rebuilds forensic psychiatry in Kristinehamn

Peab has been commissioned to rebuild and build new facilities at the forensic psychiatry unit in Kristinehamn. The customer is Region Värmland and the contract is worth SEK 119 million.

The project comprises both rebuilding existing premises and building an extension that will create modern and suitable care environments adapted that fit the specific needs of the unit.

"This is an important project for society that places high demands on function, quality and safety. We look forward to contributing, together with Region Värmland, to the continued development of forensic psychiatry in Kristinehamn," says Nils Staffansson, Region Manager Peab.

The project is a turnkey contract in partnering. Completion of the project is expected to stretch to at least 2027.

The project will be order registered in business area Construction in the second quarter 2026.
