

Peab signs framework contract for water and sewage work in Örnköldsvik

Peab has been awarded an eight-year framework contract by Miljö och Vatten i Örnköldsvik AB (Miva) for construction work in water and sewage in Örnköldsvik Municipality. A contract worth SEK 100 million will be order registered in the third quarter of 2026.

The framework contract covers groundwork projects regarding new construction, renewal, repair and maintenance of the public water and sewage plant in Örnköldsvik Municipality. Based on the framework contract, call-offs will be made successively during the contract period, specifying the scope and conditions of each project.

Peab has extensive experience of water and sewage projects and a strong local presence in the region. The combination of expertise, resources and experience from similar work has contributed to Peab being awarded the contract.

"We're pleased by the trust Miva has placed in us. Contributing to a safe and long-term sustainable water and sewage supply for the people of Örnköldsvik is a vital work and we look forward to collaborating well together," says Hans Boija, Region Manager Peab.

"At Miva we feel very positive about this framework contract. It enables greater progress and a higher rate of renewal in our water and sewage plant, which is crucial for our ability to ensure long-term safe and sustainable water and sewage management in Örnköldsvik Municipality," says Niclas Melander, Head of Projects and Analyses at Miva.

The framework contract allows Peab and Miva to collaborate early on when planning future projects. This creates the basis for carrying out projects efficiently and solutions that contribute added value to both the municipality and its residents.

The framework contract runs for eight years and will be implemented as a traditional contract.

The project will be order registered in business area Civil Engineering in the third quarter 2026.
