

NEWS for Immediate Release

How Do You Achieve A Paperless World?

Start with the new Visioneer RoadWarrior 3, the most complete mobile scanner in its class.

PLEASANTON, Calif., October 8, 2013 – [Visioneer](#), Inc., a leader in scanner and document management solutions, today announced the [Visioneer RoadWarrior™ 3](#), a complete document scanning solution for people on the go. After polling customers, Visioneer confirmed that they want a mobile scanner that can solve *all* of their paper to digital needs, not just a bare-bones, driver only, DIY scanner.

“We’re not yet living in a paperless world so being able to capture, organize and share documents, regardless of your physical location, is essential for today’s digital and mobile lifestyle,” said John Capurso, President & CEO at Visioneer. “The Visioneer RoadWarrior 3 is the perfect solution. It is the most complete USB powered mobile scanner that works anywhere, even when AC power is unavailable.”

What makes RoadWarrior 3 the most complete scanner in its class?

The RoadWarrior 3 includes a software and driver bundle that will enable scanned documents to be easily captured, organized and shared. Weighing barely more than a 12 oz. bottle of water with dimensions similar to a rolled up magazine, the RoadWarrior 3 packs easily in a laptop bag. So when Visioneer says it’s mobile, they mean it.

Capture - Using Visioneer’s most advanced scanning technology, the RoadWarrior 3 can scan any document, ID card, receipt, business card or photo up to 8.5” x 14” with the included

- **AutoLaunch technology** – insert paper and scanning begins.
- [Visioneer OneTouch](#) – Connect your scan button to any application, storage location or device.
- [DriverPLUS](#) – The most reliable, compatible and functional TWAIN™ driver in the industry.

Organize - Organizing scanned receipts and documents have never been easier using the software bundled with the RoadWarrior 3. Simply scan documents and then toss the paper in the recycle bin, instead use:

- **Nuance® PaperPort®** – desktop document organizing software.
- **Nuance OmniPage®** – the most accurate OCR software to turn paper into words.

Share - The common goal of achieving a paperless world is to make the process of finding and sharing information easier. After all, users don’t want the paper; they want the information that is on the paper. The RoadWarrior 3 is the vehicle for transforming information into searchable PDF files to be shared and searched using:

- **Nuance PDF Converter** – Full function PDF capability without spending \$449*.
