

## **Best Kept Secrets centrepiece candles make a statement**

**Best Kept Secrets have unveiled a new range of 3, 5 and 7 wick candles, with larger circular glass centrepiece candle holders.**

The 7 wick centrepiece candle has a diameter of 17.5cm and so makes a real statement in a dining room or as a focal point in a living space.

Alan Edwards from Best Kept Secrets commented: 'The new centre piece candles add style to any setting and each candle is individually hand finished with different toppings, so these are a really unique hand finished quality fragranced gift.'
