Contents:

The Management Board of Arctic Paper S.A. ("Company", "Issuer") in reference to the current report no.20/2016 dated September 9th, 2016 regarding the conclusion between Arctic Paper S.A. and BNP Paribas Bank Polska S.A., Santander Bank Polska S.A. and the European Bank for Reconstruction and Development (the "Lender") of significant agreements related to the refinancing process of the Company and its subsidiaries ("Credit Agreement") and to the current reports no. 19/2019 of August 30, 2019 and no. 27/2019 of October 22nd, 2019 about the technical extension of the validity period of the revolving loan ("Revolving Facility"), informs that today Lenders have extended the availability of the Revolving Facility to the Company until January 31st, 2021, on the conditions adopted so far

The Revolving Facility was granted to the Company for a total value of EUR 19,800,000 and PLN 20,000,000 and was made available for the purpose of refinancing of intra-group liabilities of the Company or financing of intra-group loans.

The extension of the availability of the Revolving Facility for three months results from the possibilities considered by the Company and the possible conditions for the refinancing of the Group's current debt. The Company plans to simplify the current debt structure and to further optimize the conditions and reduce the costs of debt service. A possible decision on the implementation of refinancing and the selection of its final structure will depend on the analyzes conducted by the Issuer and the current situation on the financial market.
