

PRESS RELEASE

Gothenburg, 08.02.2026

## Arctic Paper price increase announcement

Arctic Paper S.A. is one of Europe's leading producers of high-quality graphical fine paper, operating three paper mills and managing four strong, environmentally responsible brands: Amber, Arctic, Munken, and G.

Arctic Paper announces a price increase of 8–10% for both uncoated and coated fine papers across the European market.

The price adjustment will be implemented with full effect from 1 April 2026.

This increase is driven by persistently high production costs, subdued market demand in a highly competitive environment and the resulting unsustainably low sales prices.
