

# Designing Spaces™ on Lifetime TV Revs up with RIDEMAKERZ at the Boys & Girls Club

*RIDEMAKERZ builds excitement at Boys & Girls Club as kids build custom rides and self esteem on “Spaces of Hope – Building Bright Futures” makeover series*

(Pompano Beach, FL – CISION – June 18, 2013) Home improvement show Designing Spaces™ on Lifetime TV will feature RIDEMAKERZ – makers of toy cars that kids can customize - on the “*Designing Spaces of Hope – Building Bright Futures*” makeover series at a Boys & Girls Club. Tune in on Wednesday, June 19th at 7:30 am (ET/PT), as Lisa Materazzo from RIDEMAKERZ joins the show to talk tricking out a RIDE. This show will re-air Friday, June 28th.

During the series, the “*Designing Spaces of Hope – Building Bright Futures*” crew goes into the Boys & Girls Club in Pompano Beach, Florida and makes over several rooms to improve the facility for the children, volunteers and staff. RIDEMAKERZ teamed up with Designing Spaces™ to ride the theme of “building” by donating XTREME CUSTOMZ product kits for all the children to build their own personalized remote control cars.

Each RIDE comes equipped with a body, with styles ranging from Chevy Corvette, Dodge Viper, Ford Mustang, Spiderman, and many more, and thousands of accessories like tires and lights. All parts are interchangeable. Building the one-of-a kind toy car “RIDE” which is 1:18 scale (the size of a football or shoebox) is fun and educational for the kids.

“It’s been great partnering with RIDEMAKERZ for this inspirational series with the Boys & Girls Club. They’ve provided a perfect way for the children to have fun and enjoy being kids while being creative and working with others,” says Lysa Liemer, Executive VP of Programming and Chief Operating Officer of Designing Spaces™ on Lifetime TV.
