

Press release

Trelleborg, December 13, 2017

## **Trelleborg's acquisition of manufacturer of advanced composite components finalized**

Trelleborg has finalized the acquisition of the U.S.-based privately-owned Automated Dynamics that specializes in the manufacturing of advanced composite components for particularly demanding applications. These composites are a strategic, adjacent technology for Trelleborg with high potential in a multiple of industries such as aerospace and chemical applications, and in the long run also for other markets.

The company is located in Niskayuna, New York. Sales amounted to approximately SEK 65 M in 2016. This bolt-on acquisition is part of Trelleborg's strategy to strengthen its positions in attractive market segments.

The transaction will be consolidated as of December 12, 2017.

A press release regarding the acquisition was published on June 23, 2017.

---

***Trelleborg** is a world leader in engineered polymer solutions that seal, damp and protect critical applications in demanding environments. Its innovative solutions accelerate performance for customers in a sustainable way. The Trelleborg Group has annual sales of SEK 31 billion and operations in about 50 countries.
