

'TIS THE SEASON TO BE JOLLY

With the festive season fast approaching, the opportunity to crack open a warming tipple is ever nearer. Whether it's a hot toddy before bedtime or a Christmassy cocktail with friends, The Lakes Distillery is here to help you toast the longer evenings in true British style.

The ONE

There has never been a more appropriate drink for a winter night than a good whisky and The ONE, our award winning blend from the British Isles, is guaranteed to impress. There's something magical about the smoky, fruity, nutty and slightly spiced flavour of The ONE whisky which enchants the senses on a cold evening in front of a roaring fire.

The Lakes Gin

If gin's your thing, let the spirit of Christmas continue to flow with The Lakes Gin. The Lakes Gin, loving hand crafted in our small copper pot still, is truly born of The Lake District – it is the only gin distilled in Cumbria.

Juniper can be found across the fells in the Lake District, and we use this local juniper as the very heart of our gin. Using classic gin botanicals augmented with others native to The Lakes – including bilberry, heather and meadowsweet – this is an artisan gin which is complex, intriguing and delicious.

The Lakes Vodka

The first ever vodka to be produced in Cumbria. The Lakes Vodka is produced in the traditional way, lovingly crafted in our small handmade copper pot still, which maintains its delicate aromatics and flavours. It is triple distilled for greater purity, producing a vodka of outstanding character and complexity.

The Lakes Distillery is the first ever official distillery in the beautiful Lake District, in an area of unimaginable beauty encircled by Cumbrian fells. We believe that it is our stunning surrounding which inspire us to create our spectacular spirits, which are just as breath-taking on the palate. Wrap one of our bottles for the spirit lover in your life, or include us on your own Christmas lists.

Whichever spirit you choose, The Lakes Distillery makes the perfect gift to give or receive, time after time.
