

Hexagon and Prevas Forge Strategic Partnership to Accelerate Digital Asset Management in the Nordics

Las Vegas, NV – June 17, 2025 - Hexagon’s Asset Lifecycle Intelligence division today announced a strategic partnership with Prevas, a leading Nordic technology company with decades of experience in asset management and industrial digitalization.

The partnership will focus on delivering enhanced enterprise asset management (EAM) and asset performance management (APM) solutions across Denmark, Finland, Norway, and Sweden.

As part of this agreement, Prevas is launching an exclusive practice for [HxGN EAM](#) and [HxGN APM](#) solutions, strengthening its role as a top Hexagon service provider in the Nordic region.

“This collaboration marks a significant step forward in our commitment to the Nordic region,” said Mattias Stenberg, President, Hexagon’s Asset Lifecycle Intelligence division. “Prevas brings not only technical excellence but also a deep understanding of the local market and customer needs. Together, we’ll help organizations unlock greater value from their assets and accelerate their digital transformation.”

Prevas has a longstanding reputation for helping industrial organizations across the Nordics improve operational efficiency, reliability, and sustainability through smart asset management strategies. With a strong regional presence and deep domain expertise, Prevas is uniquely positioned to support Hexagon’s mission of enabling intelligent, data-driven asset lifecycle decisions.

“We’re proud to take our collaboration with Hexagon to the next level,” said Magnus Welén, Chief Executive Officer, Prevas AB (publ). “Building on nearly two decades of shared success in asset management, this next chapter combines our proven expertise with Hexagon’s industry-leading technology to deliver even greater value to our customers across the Nordics. The partnership will initially focus on HxGN EAM and HxGN APM, with plans to expand into additional Hexagon solutions over time.”
