## Jenny Edfast appointed new CEO of Rejlers Sweden

Jenny Edfast has been appointed as the new CEO of Rejlers Sverige AB, with over 1000 employees, 40 offices and 350 partners, and will be part of Rejler's group management. Viktor Svensson, President and CEO of Rejlers, has held the role of acting CEO of Sweden since May 2018, but is now handing over responsibility to Jenny, who will take up her new position on January 1, 2020.

- I am pleased that Jenny will take over as CEO of Rejlers in Sweden, an important market for us today and beyond. Jenny has successfully driven the change in division Energy within Rejlers Sweden in recent years. Both profitability and growth have had a good development under Jenny's leadership. Her natural business acumen and strong drive around new business combined with a personal leadership makes her the right leader to continue developing Rejlers Sweden, says Viktor Svensson, President and CEO of Rejlers.

Jenny Edfast has been part of Rejlers since 2015 and today has the role of division manager for Energy in Rejlers Sweden, with over 200 employees. Prior to that, she was business area manager at Pöry Sweden and also managing director of Pöry Swedpower. Jenny has a Master of Science in Industrial Economics from Luleå University of Technology. The search for Jenny's successor as divisional director Energy begins immediately.

- I am happy and proud of the confidence to continue the start of the journey of change with Rejlers Sweden. Our employees are our main resource and we have a strong mix of both experienced consultants and younger talent. At the same time, I feel that the interest to work for Rejlers is increasing all the time and therefore I have great confidence in 2020 and the future. With our overall competence as a base, we aim to constantly develop our offering to our customers, says Jenny Edfast.
