## Rejlers awarded platinum rating by EcoVadis for sustainability excellence

**Rejlers has achieved a Platinum rating – the highest distinction awarded by EcoVadis – placing the company among the world’s top 1% of more than 130,000 assessed businesses. The recognition reflects Rejlers’ strong performance across environmental, social and ethical criteria, and marks a significant milestone in its long-term sustainability strategy.**

EcoVadis is a leading independent evaluator of corporate sustainability, assessing companies across 21 criteria in four key areas: Environment, Labour & Human Rights, Ethics, and Sustainable Procurement. Its methodology is based on globally recognised standards, including the UN Global Compact’s Ten Principles, ILO conventions, GRI standards and ISO 26000.

“Achieving Platinum status from EcoVadis isn’t just a badge, it’s a reflection of our collective ambition and hard work. It underscores our focus on integrating sustainability into everything we do, from how we advise our clients to how we grow,” says Viktor Svensson, President and CEO of Rejlers.

The result reinforces Rejlers’ commitment to responsible business practices. By putting sustainability at the heart of operations, Rejlers aims to be a catalyst for their customers’ sustainable transformation.
