Acting CEO and CFO Sophie Reinius is leaving Formpipe (Lasernet) for a new assignment

The Board of Directors of Formpipe Software AB (publ) ("Formpipe") today announces that Sophie Reinius, Acting Chief Executive Officer and Chief Financial Officer, has decided to leave her position in the company to take up a new role outside the organization.

Sophie Reinius has been with Formpipe since 2024, and during her time at the company has played a central role in developing its financial governance, as well as contributing to strengthening the organization's operational and strategic capacity through the divestment of the Public business area and the streamlining of operations into the Lاسernet Group. She was appointed Acting Chief Executive Officer on January 1, 2026, a role she has held in parallel with her position as CFO.

"The Board would like to extend its sincere thanks to Sophie for her significant contributions and commitment to Formpipe. She has helped create profitable stability and a strong foundation for the company's continued development as a focused SaaS company," says Chairman of the Board Annikki Schaeferdiek.

"It has been a privilege to work with Formpipe's employees and contribute to the company's development. I am proud of what we have achieved and look forward to taking the next step in my career," says Sophie Reinius.

Sophie Reinius will remain in her role until a successor takes office, but no later than November 2026. The process of appointing a permanent CEO is ongoing, and a process to recruit a new CFO will be initiated.
