Nexam Chemicals CFO leaves the company in the summer

Nexam Chemicals CFO Christian Svensson has announced that he has decided to leave the company in the summer. The company has initiated a recruitment process.

Christian Svensson, Nexam Chemicals CFO's since 2014, has decided to leave his position as CFO and return to his own business. Christian will remain as CFO until the summer and will ensure the completion of the coming annual report and quarterly reports.

"We are grateful for Christian's contribution in the company during his time at Nexam Chemical, and above all, the past year's intensive work joining Nexam Chemicals and Plasticolors operations into one company. Christian has been a great asset to the company and we wish him all the best in the future", says Anders Spetz, CEO of Nexam Chemical.

"With Nexam Chemical's acquisition and integration of Plasticolor's operations completed, I feel ready to return to my own consulting business and take on new challenges. During these years, the company's operations have taken great steps forward and I look forward to following Nexam Chemical's continued development as a shareholder," says Christian Svensson, CFO Nexam Chemical.

About Nexam Chemical

Nexam Chemical develops technology and products that make it possible to significantly improve the production process and properties of most types of plastics in a cost-effective manner and with retained production technology. The improved properties include strength, toughness, temperature and chemical resistance as well as service life. The improvements in properties that can be achieved by using Nexam Chemical's technology make it possible to replace metals and other heavier or more expensive materials with plastics in a number of applications. In applications where plastic is already used, Nexam Chemicals products can improve the manufacturing process, reducing material use and enable more environmental friendly alternatives. Example of commercial applications: pipe manufacturing, foam production and high-performance plastics. More information about the business will be found on www.nexamchemical.com. The company's Certified Adviser is FNCA Sweden AB. FNCA Sweden AB can be reached at info@fnca.se or by phone +46-8 528 00 399.
