

Kingston Digital frigiver fjerde generation af deres hurtige kortlæser; 64GB 600X CF kort.

- *Alsided kortlæser til hurtig dataoverførsel*
- *USB 3.0 High-Speed ydelse*
- *Nyt CF Ultimate 600x kort med 64GB*

30. Marts 2015 - Kingston Digital Europe Co LLP, en division af [Kingston Technology Company, Inc.](#), der er førende indenfor hukommelsesprodukter i hele verden, annoncerede i dag 4. generation af deres hurtige USB kortlæser, [HS4 All-In-One Media Reader](#). Den alsidede kortlæser er forbedret i forhold til sidste version, idet den nu læser flere korttyper inklusiv de seneste SD kort hastigheder (UHS-I, UHS-II) og CF Type I og II (UDMA 0-7).

Brugere kan let kopiere og flytte musik, fotos, video og anden data med USB 3.0 hastighed. Det sparer tid idet overførsel med USB 3.0 tillader op til 5Gbit/s hastighed – næsten 10x hurtigere end ved USB 2.0. Den mobile og kompakte kortlæser er udført i børstet nikkel og er bagudkompatibel med USB 2.0.

Kingston® lancerer også en ny 64GB version af deres CompactFlash Ultimate 600x kort. 64GB CF Ultimate 600x kort kan klare hastigheder op til 90MB/s (læs og skriv) til brug ved hurtig burst fotografering og HD video. [MediaRECOVER®](#) softwaren medfølger og kan hjælpe med at redde slettede eller ødelagte filer hvis behovet skulle opstå.

“HS4 All-In-One Media Reader is a great device to quickly move data between multiple devices whether at home or on the road,” udtalte Jean Wong, Flash memory business manager hos Kingston. “The higher-capacity CF Ultimate 600x lets avid photographers and videographers capture more content and when used with the reader, data transfer is simple and fast.”

HS4 All-In-One Media Reader har to års garanti og CF Ultimate 600x har livstidgaranti. Begge produkter er understøttet af livstidgaranti og den legendariske Kingston pålidelighed. For mere information besøg [www.kingston.com](#)

HS4 All-In-One Media Reader features og specifikationer:

- **Ultra-portable:** small size makes it an easy and convenient travel accessory
- **Versatile:** Supports the major types of memory cards and the latest speeds standards (UHS-I and UHS-II)
- **Fast:** USB 3.0 performance for an efficient and effortless data transfer
- **Compliant:** with USB 3.0 specifications, backwards compatible with USB 2.0
- **Guaranteed:** two-year warranty, free technical support
- **Dimensions:** 93.17mm x 52.68mm x 16mm
- **Speed Rating¹:** Up to 5Gbit/s data transfer speed
- **Operating Temperature:** 32° to 140°F / 0° to 60°C
- **Storage Temperature:** -4° to 185°F / -20° to 85°C
- **Supported card formats:**
 - Compact Flash: CF Type I & II (UDMA 0-7)
 - Secure Digital: SD/SDHC UHS I-II/SDXC UHS I-II
 - microSD: microSD/microSDHC UHS-I/microSDXC UHS-I
 - Memory Stick®3: Memory Stick PRO/Duo™/PRO Duo™/ PRO-HG Duo™
- **Requirements:** system with USB 3.0
- **Built-In LED Indicator**
- **USB 3.0 Cable Included**

Operating System	USB 3.0 ²	USB 2.0
Windows® 8.1, 8, 7 (SP1), Vista® (SP2)	Yes	Yes
Mac OS X v.10.7.x+	Yes	Yes
