Swedbank Robur funds recognized in the Lipper Fund Awards 2026

Swedbank Robur Asienfond and Corporate Bond Europe High Yield have been named best funds in their respective categories in the Lipper Fund Awards. These awards are among the most prestigious in the fund industry and are granted for strong risk-adjusted performance.

“We are proud and delighted that two of our funds have been recognized with Lipper awards. These accolades are further proof of the solid experience and expertise within our fund management team. Being entrusted with managing our clients’ capital and their future aspirations is a great responsibility that we carry with pride. We continue our work to create long-term returns and value for both existing and future savers”, says Pia Haak, Chief Investment Officer at Swedbank Robur.

The rating agency Lipper is part of the London Stock Exchange Group (LSEG) and has been presenting awards for more than 30 years to the best funds in over 20 countries worldwide. The awards are based on a quantitative methodology that enables an independent and objective assessment of fund performance. They are given to funds that have demonstrated consistently strong risk-adjusted returns relative to comparable funds over three-, five-, and ten-year periods.

Swedbank Robur Asienfond is named the best fund over 10 years in the category Equity: Asia Pacific excluding Japan, and Corporate Bond Europe High Yield is named the best fund over 3 years in the category Bond: Europe High Yield.
