

## Repeat Order from South Korean Customer

Asetek today announced a second order from Intech, Seoul, South Korea, for its InRackCDU D2C™ (Direct-to-Chip) liquid cooling solution. The order is for validation by an undisclosed customer of Intech.

“The magnitude of this order lies in its strategic significance. It marks yet another step towards unlocking the full potential our partnership with Intech, through validation of our product by one of their customers and increasing end-user adoption of our technology,” said André Sloth Eriksen, CEO and founder of Asetek.

The order will result in revenue to Asetek in the range of USD 25,000 with delivery in Q2 2017. It follows Intech’s initial order in March for sealed loops for USD 25,000.

Intech & Company, Inc. distributes PC and server components, EMC storage products, and APC power supplies in South Korea. It also provides IT solutions and services for customers. Intech is the Intel desktop and server distributor in South Korea. The company was founded in 1981 and is based in Seoul, South Korea.
